#### NAZIMOVA IS SUPREME ON SCREEN AND STAGE

Star of "Out of the Fog," Achieves Her Greatest Triumph.

Nazimova, supreme star of stage has achieved an added triumph in her latest screen production, "Out of the Fog," which will be shown at the Sun theatre on Tuesday for a three day engagement. This play is an adaptation for the screen from her great stage success "Ception Shoals," a play which created great comment both here and abroad and which was noted for the intensity of its dramatic situations.

Madame Nazimova is an actress of unique and original talent, she is known as the woman of a thousand moods and her art is as great in light fantastic or whimsical moments as it is in the heavy emotional drama for which she is internationally famed. She was born in the Russian Crimea, in a little town on the shores of the Black Sea, but was educated in Geneva where she decided on the career of a violinist and studied accordingly. She made her first public appearance at the age of twelve at a concert in her native town but it was not long after this that she gave up music for the drama. She studied under the great Stanislawski who considered her an artist of great ability even at an early age. As leading woman in a Russian stock company she played more than two hundred parts.

Since coming to America Nazimova has played in both Russian and English and is known for her great characterizations in the leading roles of "The Doll's House," "Hedda Gabler," and "Little Eyolf." Like other noted artists she has grown to prefer the screen to the stage and devotes most of her time to the splendid work for which her name has become famous here and abroad. Her work in "Revelation," "Toys of Fate," and "Eye for Eye," has set a higher plane for motion picture achievement than has hitherto been reached by any other screen star, and "Out of the Fog" shows that her art is infinite.

Albert Capellani, the distinguished Frenchman who directed this picture also made the screen adaptation from H. Austin Adams' "Ception Shoals," with the collaboration of June Mathis.

In connection there will be shown Tuesday and Wednesday the Monkey comedy, "Napoleon and Sally."

So Human

---it amazed all North Platte

SOME of your friends must have been in the huge audience which heard Odette Le Fontenay in her Tone-Test recital at Methodist Church. Ask these people about it. This is the astonishing discovery made.

The keenest musical ear can not distinguish any difference between the voice of the living artist and the RE-CREATION of that voice by the New Edison.

And does it not amaze you, too, that Mr. Edison has succeeded in producing an instrument that captures every subtle sweetness of the human voice—that gives you all the ear can give you of the art of the world's great artist. No other phonograph dares to make this direct comparison.

## The NEW EDISON

"The Phonograph With a Soul."

The New Edison alone can RE-CREATE music for you. Come in and hear it for yourself. Make the great discovery for yourself.

HARRY DIXON, Jeweler.

\*The instrument used in Friday's Tone-Test is the regular model which sells for \$285 (in Canada \$431). It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

#### FIVE PLANS CONSIDERED TO REDUCE H. C. L.

The legislative committee appointed to investigate calling a special session of the legislature to pass laws to punish profiteering are considering five propositions.

The propositions which are being considered by the committee are:

Legislative encouragement of co-operative buying and selling to reduce the needless middleman.

Prohibition of the storage of food-stuffs longer than a set period.

A state price commission to make public the margins taken in the handling of goods.

A requirement that goods from the producer to the consumer be marked with the cost price at every stage of the game.

An amendment to the state anti-trust law making it illegal for big dealers to partition the state into trade territory for each.

It is the talk of the traveling men that Clinton, the jeweler, has a stock of the most perfect cut cameos along the line, let us show you.

"The Dancing Widow" company played to an audience Friday evening that filled every seat in the Keith theatre. There were a score of musical numbers, but the singing was only fairly good, and the same can be said of the dancing and comedy parts.
